1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Lewis on 4/15/05.

The application has been amended as follows:

Claim 27. (Currently Amended) A computer readable medium comprising a computer program product for reconciling a plurality inputs, comprising:

computer usable code for producing an output response based on the plurality of inputs, and degrading the output response when the inputs are asserted simultaneously and increasing the output response when one input is asserted substantially more than the other inputs, wherein said plurality of inputs are represented by an input vector in a coordinate space, and the output response is a maximum when the vector lies along a coordinate axis of the coordinate space, and the output response is a minimum when the vector lies along a diagonal in the coordinate space.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Regina Liang whose telephone number is (571) 272-7693. The examiner can normally be reached on Monday-Friday from 8AM to 5:00PM.
